ENGAGEMENT RATE

Arabic comedy, *luxury aesthetic*, diaspora reach.

Radi Barakat is an Arabic-speaking lifestyle and comedy creator whose content sits at the intersection of Gulf luxury aesthetic, MENA diaspora humor, and a podcast-format reel series that drives category-leading share counts.

CONTENT PILLARS

Comedy skits — POV-format pieces in both Arabic and English, often cultural-commentary driven.

Luxury lifestyle — UAE-set automotive (Rolls Royce feature did 700K+ views), streetwear, and diaspora-coded visuals.

Podcast-format reels — an emerging series featuring Radi in conversation on cultural and social topics. Highest save-rate content on the channel.

Community — food/charity content ("feed a hundred people" format) that performs unusually well on shares.

AUDIENCE

Primary geographies: UAE, Saudi Arabia, US MENA diaspora, UK MENA diaspora.

Language mix: Arabic-primary content with English bilingual captions and crossover skits.

Demo skew: 18–34, skews male, urban centers.

Why brands care: MENA creators with authentic Arabic fluency, comedic timing, and luxury-compatible aesthetic are a thin supply. US-based creator agencies generally can't reach this demographic at scale.

How we *work*.

- ◆ **Payment:** 50% of the total fee is due on signing via wire, ACH, or Stripe. Remaining 50% is due within 48 hours of content go-live. Retainers paid monthly in advance on the 1st.
- ◆ **Content ownership & usage:** Brand receives 1 year of organic use on its own channels. Paid-ad usage and whitelisting are separate line items above.
- ◆ **Approvals:** 2 rounds of revision on concept, 1 round on final edit. Additional rounds billed at \$150/round. Radi retains final creative approval to preserve audience trust.
- ◆ **Exclusivity:** No category exclusivity is included in base rates. 14-day minimum spacing between competing-brand posts.
- ◆ **Cancellation:** 50% kill fee if cancelled post-signing, 100% if cancelled post-production kickoff.
- ◆ **Compensation structure:** All rates above are flat content fees. Radi does not accept performance-only, commission-only, or "product seeding" deals. Promo codes and tracking links are additive.
- ◆ **Turnaround:** Standard 7–10 business days from deposit for UGC. 14–21 days for posting deliverables to allow for creative development and brand approval cycles.
